A guide to opening an e-book in the Universal Library in Kurzweil3000.com as provided by Danville Community College Accessibility Services. Additional assistance can be found on Kurzweil's YouTube channel.
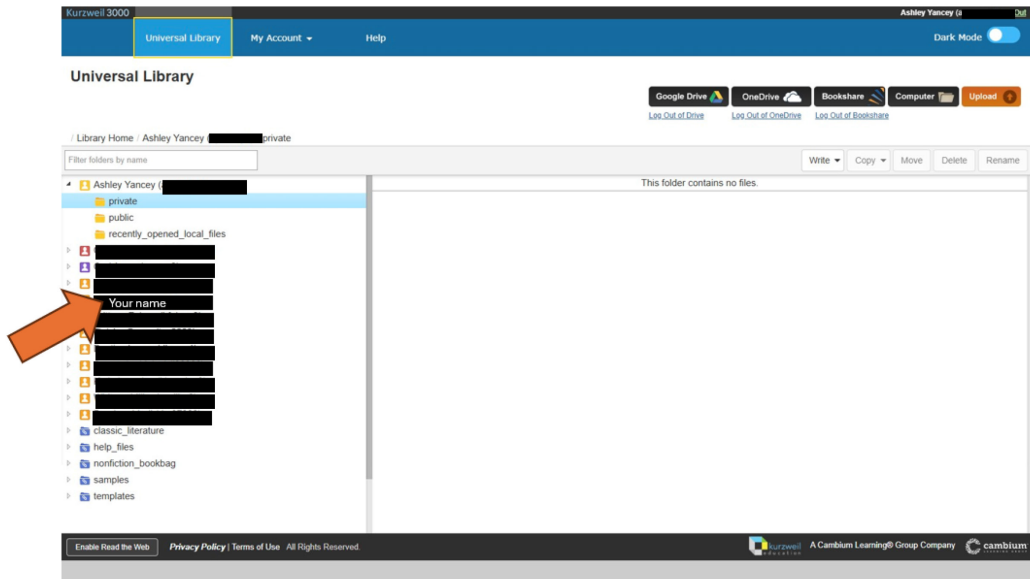

1. Navigate to the Kurzweil 3000 website, enter your username and password, then click log in.

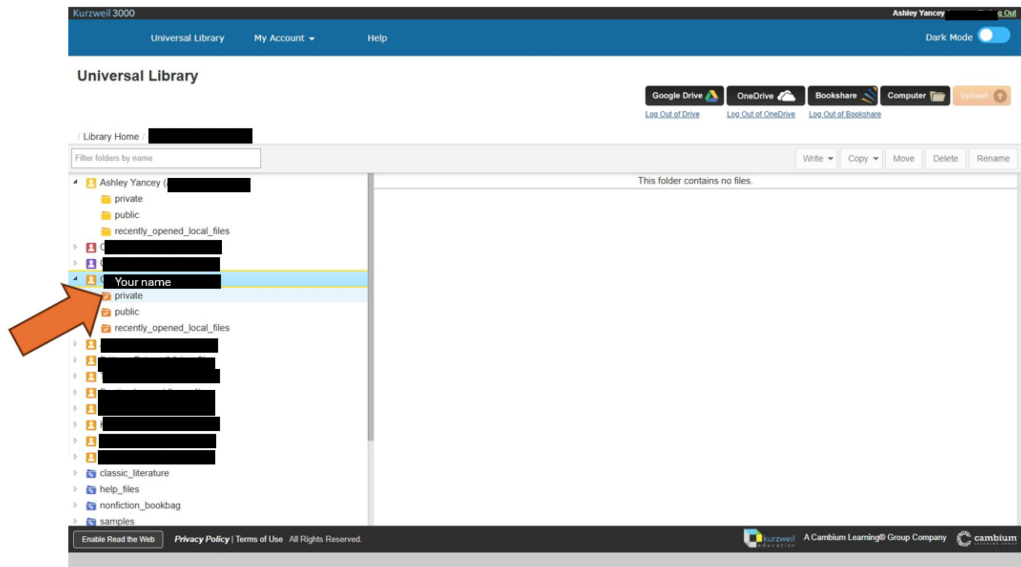

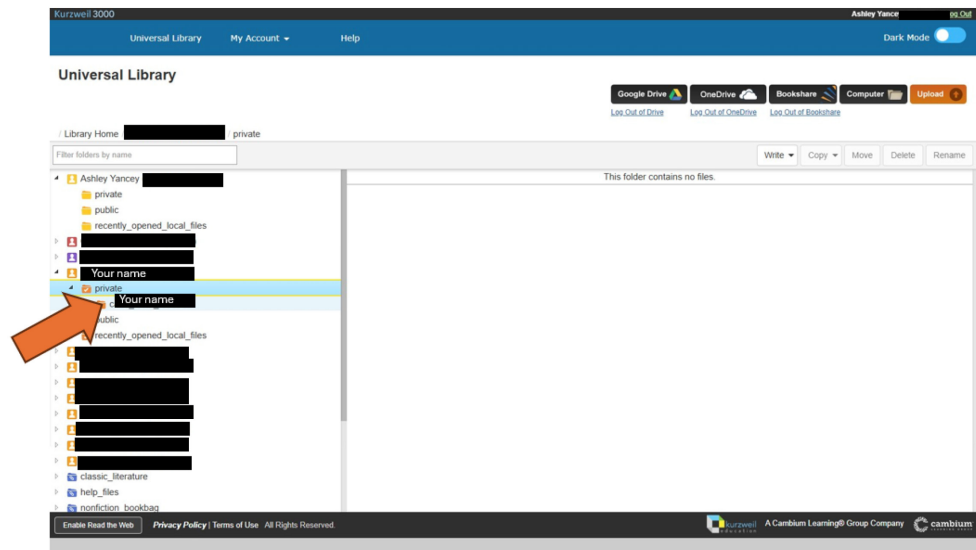

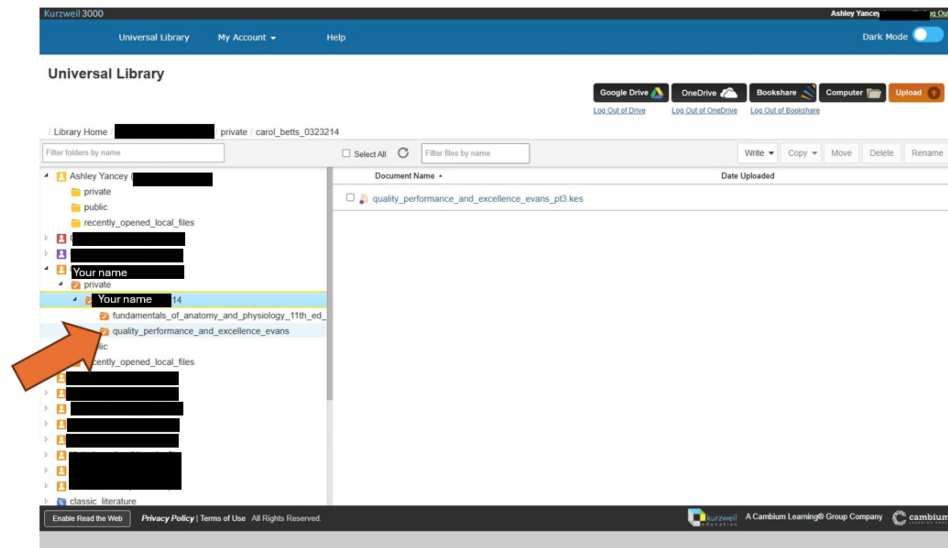

2. Click on "Universal Library".

3. Click on your name.

4. Click on "Private.

5. Click on your name or the name of the book you want to open.

6. Click on the name of the of the book you want to open.

7. Click on the file name for the section of the book you want to open. This will open the book for you to read in the Kurzweil online system.
